

Colorado Association of Gifted and Talented (CAGT)

It is CAGT's belief that all humans have an inherent right to develop their full potential. The Colorado Association for Gifted and Talented fosters an understanding of all gifted children and their exceptional needs, and advocates for appropriate education and affective support through partnerships with educators, families, students, administrators, legislators, and the general public.

DAGT (Denver Association of Gifted and Talented) is the local affiliate of the state group CAGT. The purpose of this group is collaborative education, discussion, and advocacy on current topics in gifted education. It is NOT a venue for personal agendas. We are hoping to grow this local affiliate to become a leading source of information to support parents and teachers of gifted children. Meetings are open to anyone in Denver, both from public and private schools.

To learn more about CAGT, please visit their website at <http://www.coloradogifted.org> or on Facebook under Colorado Association of Gifted and Talented.
